

Hi Rich,

I just wanted to take a moment to recognize your efforts in producing my Southern Mountain Rifle. It was a dream of mine to someday own one of these flintlock rifles. Your expertise and craftsmanship are truly masterful. Your insight into this era of rifle was very beneficial to me as I knew very little of the process of shooting and caring for this weapon. I only knew that I wanted one. I have received so many compliments on the quality of the gun and the attention to detail, the precision and balance of this truly amazing gun. I have taken her to the range and the ignition is almost instant. The accuracy is outstanding and besides that, she is so much fun to shoot. I am looking forward to many years of enjoyment and being able to pass down this gun to my son. It will be in my family for many years...Thank you so much.

With Much Appreciation

Jeff Lloyd
